FYI another general comment, not forwarding to Bruce so he can focus on Arsenal Permit.

Hello,

Your email reached the US EPA Region 8 Environmental Information Service Center (EISC). The EISC information database lists VelRey Lozano as the contact for tribal NPDES permitting. You may wish to contact her regarding your email. Here is her contact information.

Comments:  
Hello,

Please do not renew the following permits:

Eagle  
Oil and Gas Company - Sheldon Dome Facility; NPDES Permit  
No. WY-0020338,

Phoenix  
Production Company - Sheldon Dome Field; NPDES Permit No. WY-0024953

Phoenix  
Production Company - Rolff Lake Unit; NPDES Permit No. WY-0024945

WESCO  
Operating, Inc. - Sheldon Dome Field; NPDES Permit. No. WY-0025607

WESCO  
Operating, Inc. - Tensleep #1 (also known as Winkleman Dome); NPDES Permit  
No.  
WY-0025232

Per the article on NPR yesterday (August 7, 2013), it is evident that  
these companies are releasing water that cannot be good for the cattle and  
wildlife of the area. Also,  
I find it far from equitable that such a permit is possible on reservation  
land  
but not in the rest of the state of Wyoming.

Thank you.

Julie Reynolds
